2nd and 3rd grade
Holiday Performance

IN THE NEWS

Elementary

Our Early Elementary classes listened to Rock this week. Students explored the sounds of the instruments to find their likes and dislikes. They were able to explain that people like Rock music because it makes you want to get up and move!

Middle

Ukulele classes are moving along very well. Students are working to learn new chord progressions and strumming patterns to play along with songs they are familiar with. One class is even working to create their own strum pattern and chord progression to challenge other groups in the class!
